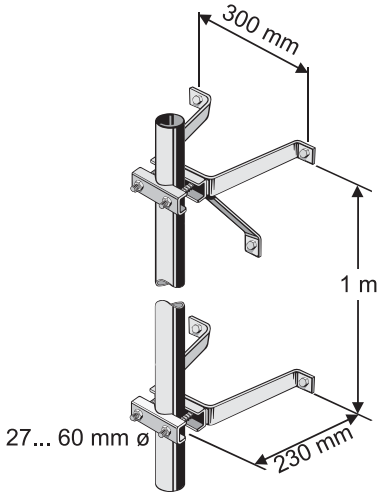
Mounting accessories

Mast relay set

ZTH 01 218362

- For fixing masts with an allowable bending moment of max. 1,650 Nm
- With extra strut and fixture for upright alignment of the mast
- In combination with ZAS 02 suitable for wall mounting of 60 cm, 75 cm and 90 cm offset parabolic antennas
- Max. forces exerted on the fixing points (hole diameter of fixing points: 11.5 mm) if a 90 cm antenna is used:
  - pressure 300 N; - pull 300 N; - shearing strain 835 N
- Packing unit/weight (pc./kg): 1 (4)/5.1



Mast holder at the bottom

ZTH 12 218364

- To fix mast with an allowable bending moment of max. 1,650 Nm
- Packing unit/weight (pc./kg): 1 (2)/3.2

Mast holder at the top

ZTH 13 218365

- To fix mast with an allowable bending moment of max. 1,650 Nm
- Packing unit/weight (pc./kg): 1 (2)/2.9
